

AAPYAM INSTITUTE OF INDIGENOUS SCIENCES AND RESEARCH, BENGALURU

A Unit of Aapyam Ayurveda Foundation®

“Brindavana”, #136, 4th Main, 4th Cross, Gauravanagar, J P Nagar 7th Phase, Bengaluru -560078

Respected Sir/Madam,

Greetings,

AAPYAM AYURVEDA FOUNDATION® is a pioneering organization of dedicated young professional minds enduring the task of engendering the authentic principles of Ayurveda for societal welfare. Since its inception in 2013, it is in the path of realizing its vision of exploring varied facets of Ayurveda to factions of all ages with utmost conscientiousness. With the experience of successful endeavours, AAF is expanding its scope and broadening its vision towards new horizons. As a result, AAF is proud to announce its novel venture- AII&R.

Aapyam Institute of Indigenous Sciences and Research initiated as a Unit of Aapyam Ayurveda Foundation® is a creation for conceptualization and realization of research possibilities in the field of Indigenous Sciences. The Institute will initially focus on research studies in three major sectors viz., Literary studies related to indigenous knowledge in health sciences; Yoga and Clinical research in Ayurveda and other traditional healing systems. The institute will be a platform for all research initiatives concerning development of Indigenous knowledge from all segments. The institute offers academic support to scholars from India and abroad for training and research in areas of scientific research related to Indian Sciences.

In this regard, it is the pride privilege of AII&R to introduce itself with its maiden Scientific endeavor- A State level workshop on Research Gateways in Indigenous Sciences focusing on Ayurvedic Manuscriptology, Yoga Philosophy and Ayurveda Clinical Research on Sunday, 28th of January 2018 in its own centre. We request your support for this programme by encouraging your faculty, Post-graduate scholars and Under-graduate scholars participate in this programme which will provide them new dimensions in the field of Research in Ayurveda and related indigenous sciences.

We also request you to kindly display the brochure and the Programme schedule to bring to the kind notice of all your faculty, Pot-graduate scholars and under-graduate students specifically of fourth year BAMS which could help them in understating the strides of Research Methodology in a better way.

As an encouragement to the scholars of Research, a competition on “Demonstration of Research Ideas in Indigenous Sciences” has been organized as a part of the workshop. Pot-graduate scholars and under-graduate students can participate in the same and win attractive prizes for presentation of their innovative ideas.

In anticipation of your valuable support and participation,
Thanking You,

Yours' Sincerely
Dr. Sriharsha K V,
Executive Director,
Centre for Manuscript Research,
Aapyam Institute of Indigenous Sciences and Research, Bengaluru
